			Grant Thornton Australia in principle supports the Proposed Amendments as they incorporate amendments to Independence requirements of the Corporations Act as amended by the Simpler Regulatory System 2007 Act which Grant Thornton Australia had strongly supported.		
4		KPMG	<p>As noted in the Exposure Draft, the proposed amendments will bring APES 110 into closer conformity with the IFAC Code. The amendments also address the anomalies as between APES 110 and the Corporations Act, following the June 2007 amendments to the Act.</p> <p>I advise that KPMG is of the view that APES 110 should conform to the greatest extent possible to the IFAC Code and as appropriate to the requirements of the Corporations Act. Accordingly KPMG supports the proposed amendments as set out in Exposure Draft 06-07 and looks forward to implementation of the amendments at the earliest date possible.</p>	Supportive comment.	No
