APES 110
Code of Ethics for Professional Accountants

(issued June 2006, revised December 2010, compiled November 2013)

Ethical Obligations of Professional Accountant

Adhere to APES 110 Code of Ethics for Professional Accountants:

“A distinguishing mark of the accountancy profession is its acceptance of the responsibility to act in the public interest”

The Code has five fundamental principles:

- integrity;
- objectivity;
- professional competence and due care;
- confidentiality; and
- professional behaviour.

Auditor Independence

- Independence requires Members to act with **integrity** and to exercise **objectivity** and **professional scepticism**. Members are obliged to be straightforward and honest in professional and business relationships and not to allow their judgment to be compromised by bias, conflict of interest or the undue influence of others.
- Independence comprises both:
 - Independence of mind; and
 - Independence in appearance.
- Members must not only act in an independent manner but they must also be perceived, by an informed third party, to be independent.
- Particularly relevant when providing assurance services.

Independence in the context of 'assurance engagements'

Assurance Engagement

Any engagement in which a Member expresses a conclusion that is designed to enhance the degree of confidence of the intended users about the outcome of an evaluation of a subject matter against criteria.

In the context of 'Assurance Engagements', the Code has two sections:

- **Section 290:** Independence requirements for *Audit and Review Engagements*; and
- **Section 291:** Independence requirements for all *Other Assurance Engagements*.

APESB's revision to APES 110 in respect of auditor independence requirements

- APES 110 revised in December 2010 in accordance with the IESBA's revision of their Code
- Key changes to APES 110 in respect of auditor independence requirements are:
 - Auditor independence requirements extended from Listed Entities to audits of all Public Interest Entities (PIEs)
 - The separation of the independence requirements for Audit and Review Engagements of Financial Statements from the independence requirements for Other Assurance Engagements.
 - **Section 290:** Independence requirements for *Audit and Review Engagements*; and
 - **Section 291:** Independence requirements for all *Other Assurance Engagements*.

APESB's revision to APES 110 in respect of auditor independence requirements

Mandatory Partner rotation requirements for audits of PIEs

- Extended from Engagement Partner and Engagement Quality Control Review Partner to all Key Audit Partners i.e.
 - » Engagement Partner
 - » Quality Control Review Partner
 - » Other Partners responsible for key decisions or judgments on the Audit Engagement
- Key Audit Partner rotation required after 7 years and time-out of 2 years
 - » An exemption available where there are only a few people with knowledge & skill to serve as a Key Audit Partner;
 - » Independent regulator has provided an exemption; and
 - » Independent regulator has provided safeguards

APESB's revision to APES 110 in respect of auditor independence requirements

Mandatory cooling off period

- Mandatory cooling off period for a Key Audit Partner before joining former Audit Client that is a PIE as a:
 - Director;
 - Officer; or
 - Employee with significant influence over accounting records or Financial Statements
- Cooling off period:
 - Senior or managing Partner = 1 year (Section 290.140)
 - Key Audit Partner = 1 audit opinion covering 12 months

Auditor's rotation requirements according to the Act and the Code

Refer to Chapter 8 of **JAB Independence Guide** for more information on Auditor Rotation Requirements

The Act*
5-year rotation rules
(Listed Entities)

For listed entities, the Corporations Act continues to apply the more restrictive 5-year rotation rules to individuals who 'play a significant role' (i.e. Lead Auditor and Review Auditor as defined in Section 324 AF) in the audit. Recent amendments to the Corporations Act has resulted in a 2-year extension to the general 5-year period with the specific approval of the Audit Committee.

The Code
7-year rotation rule
(Public Interest Entities)

The Code has established a 7-year rotation rule that applies to all Key Audit Partners of audits and reviews of Public Interest Entities. The new definitions of Public Interest Entity and Key Audit Partner will have the effect of expanding the rotation requirements to include additional partners who make significant judgements on an Audit Engagement of a Listed entity and also apply to unlisted entities which may now be classified as PIEs.

* Refer to *Corporations Act 2001*

Auditor's independence requirements in recent amendments of the *Corporations Act*

- Recent amendments to the *Corporations Act* provides additional requirements for auditors to enhance audit quality:
 - Annual transparency reports for audit firms which audit 10 or more Australian listed companies, listed registered schemes, authorised deposit-taking institutions and insurance companies.
 - Amendment of the *Australian Securities and Investments Commission Act 2001*:
 - Amendments to the audit deficiency notification and reporting process; and
 - ASIC's level of communication with those charged with governance of corporations, registered schemes and disclosing entities in certain specified circumstances.
